

EARTH FEST

I live here

A nature competition for all ages

Draw something that lives in the local area.

It could be a plant, a bird, an animal, fungus, anything

Tell us all about it.

For example, Where does it like to live? Where does it get food? How does it multiply?

Your drawing and words should all be freehand and on one sheet of paper (A4 size)

Add your name, age (if under 16) and a contact email address on the back then hand it into Emersons Green library.

**Entries will be displayed in the Library. Winners will be announced at EARTH FEST on July 1st
Every entrant present at the festival will receive a prize.**
